Tile Coaster

**Step 1:** Take tile and glue felt square to the bottom of the tile.

**Step 2:** Put a layer of Mod Podge on the top of the tile.

**Step 3:** Place picture on tile, push down and smooth it out.

**Step 4:** Put layer of Mod Podge over picture.

**Step 5:** Repeat Step 4 a few more times. (Give a minute or two for previous layer to become tacky).

**Step 6:** Leave it to dry and come back tomorrow to pick up your new custom tile coaster!
