New Data Items for Research Insight 8.0 Release

Standard & Poor’s is planning a significant expansion of the Compustat database in Spring 2006. This new data content will be included at no extra charge as an upgrade to the basic Research Insight North America subscription. Daily Price History subscribers can also look forward to a 100% increase in available history from the current five years to ten years of daily prices (separate subscription required). The following new content will be included in Research Insight 8.0:
